Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for Patricia St. Clair Elementary School. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Mr. Bryan Mey for assistance.

The AER is available for you to review electronically by visiting the following web site www.hesp.net or you may review a copy from the Elementary School Principal's office at your child's school.

For 2012-2013, Patricia St. Clair Elementary School made Adequate Yearly Progress (AYP) in Language Arts and Mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information:

Patricia St. Clair is the only setting for elementary students in Hesperia Community School District. Students new to the district may enroll in the elementary office.

Our school improvement plan is continually being updated and revised with new goals to improve student achievement. It is submitted annually on Advanc-Ed.

A copy of the core curriculum can be accessed at www.hesp.net and click on the Michigan Department of Education. At this site there is State of Michigan Parent information regarding the Course Content Expectations to which all curriculums at Patricia St. Clair Elementary are closely aligned.

Parent Teacher Conferences play an important role in the education of students. This past fall we had over 90% attendance for fall conferences with 390/430 students represented. This is a similar trend from the previous years.

At Patricia St. Clair Elementary we are proud of the continued progress our students and staff are making. We set high standards, teach for excellence and believe in all of our students. We appreciate the support of our families and all who are part of the educational process of Hesperia Community Schools. We look forward to our continued success.

Sincerely,

Bryan D. Mey
