April 20, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) for Hesperia High School and Middle School, in providing key information on the 2015-16 educational progress of our schools.

The AER addresses the complex reporting information required by state and federal laws. Our school reports contain information about student assessments, Adequate Yearly Progress (AYP) and teacher instructional quality. The AER is available for you to review electronically by visiting the following web site at www.hesp.net or, you may review a copy of this document from the principal's office at the high school and middle school. Should you have any questions about the AER, please contact me at either location for assistance.

Hesperia high school and middle school are the only non-alternative settings for secondary school students in the Hesperia Community Schools district. Students new to the district may enroll for classes in the high school or middle school main offices. Our school improvement plans are continually revised with new goals and objectives focusing on student academic achievement. These goals are submitted annually on the Advance-Ed website, www.mich.gov

Acopy of our core curriculum can be accessed at www.hesp.net and click on Transparency Reporting District Dashboard at MI School Data. At this site there is state of michigan parent information regarding the michigan merit curriculum along with individual course content expectations to which all courses at Hesperia closely align.

In Education,

A handwritten signature in black ink, appearing to read "David LaPrairie". The signature is written in a cursive, flowing style.

David LaPrairie, Principal

Hesperia High School and Middle School Principal
