ARTICLE 1

RECOGNITION

- A. Collective Bargaining Unit. The Board hereby recognizes the Association as the exclusive bargaining representative for all regular professional employees of Hesperia Community Schools who are certified teachers employed as a classroom teacher, counselor or librarian, or who are professional

counselors or librarians employed as a counselor or librarian, but excluding substitute teachers, per diem appointment teachers, non-regularly employed part-time teachers, and supervisors such as, but not necessarily limited to the athletic director, superintendents, assistant principals, and assistant teaching principals and all other employees of the Board of Education. The term “teacher” when used hereinafter in this Agreement shall refer to all employees represented by the Association in the bargaining or negotiation unit as defined above.

- B. Negotiation Prohibition. The Board agrees not to negotiate with any teacher’s organization other than the Association for the duration of this Agreement.
- C. Negotiation Intent. It is the intention of the HEA to begin negotiations for the following school year’s contract in a timely manner. HEA representatives or the Superintendent will request an initial meeting in January to discuss tentative meeting dates. Meeting(s) should be scheduled regularly until the contract for the following year has been agreed upon.

ARTICLE 2

TEACHER RIGHTS

- A. Teacher’s Personal Life. Teachers shall be entitled to full protection of the law. The Board and the Association agree the private life of a teacher is his/her own affair unless his/her conduct should adversely affect the performance of his/her teaching and/or other school-related duties.
- B. Personnel File. The Board shall maintain a personnel file for each teacher. No information that arose in another school district prior to employment with the Board, other than information concerning the grant of tenure, shall be placed in a teacher’s personnel file. A copy of all official correspondence from the administration and/or the Board shall be placed in the personnel file with a reference to said file on the letter. In addition, a copy of all materials shall be provided to the teacher at the time of the inclusion of the material into the personnel file. A teacher’s signature on disciplinary materials shall not be interpreted as agreement with the disciplinary action. A statement to this effect shall precede the teacher’s signature.

A teacher shall have the right to review the contents of his/her personnel file upon request, at a time mutually agreeable to the teacher and the Superintendent. A representative of the Association may, at the teacher’s request, accompany the teacher in such review. In the event that there is disagreement over the content of any material in a teacher’s personnel file, the teacher may submit a written statement for inclusion in his/her personnel file to explain his/her position concerning the material in dispute. In addition, a teacher who believes that material placed in his/her file is inappropriate or in error may seek to have the material changed and/or removed from the personnel file through the grievance procedure, including arbitration, provided just cause is shown for the change or removal.

- C. Payroll Deductions. The Board shall make payroll deductions upon written authorization from teachers for deductions as set forth in the current H.E.A. authorization card or programs jointly approved by the Association and the Board.
- D. Association Representation. A teacher may request that a representative of the Association be present when he/she is being reprimanded for an infraction of rules or deficiency in professional performance that will become a part of his/her personnel record. The principal shall inform said teacher of his/her right to representation.

- E. Pay for Lost Time. A teacher engaged during the school day in negotiating on behalf of the Association with the Board or participating in an actual grievance hearing, including arbitration or appearance in court, shall be released from regular duties without loss of salary upon prior application approved by the Superintendent.

ARTICLE 3

BOARD RIGHTS

- A. Board Rights. It is understood and agreed that the Board reserves and retains, solely and exclusively, all inherent and customary rights, powers, functions, and authority to manage the operations of the Hesperia Community Schools, and to establish and administer, without limitation, implied or otherwise, all matters not specifically and expressly limited by this Agreement. Among the retained rights of management included only by way of illustration and not by way of limitation are as follows:
 - 1. Determine education policy, objectives and programs.
 - 2. Manage and control its business, facilities, equipment and operations.
 - 3. Determine the number and location or relocation of its facilities, buildings, departments or divisions.
 - 4. Determine the number and evaluate the qualifications of employees, including the establishment of positions.
 - 5. Direct the working force, including the right to hire, fire, promote, lay-off, evaluate, discipline, transfer and assign.
 - 6. Determine management organization, its functions, authority and conditions of employment.
 - 7. Determine all matters of financial policy and accounting procedures necessary for administration of the School District.
 - 8. Adopt rules and regulations, including scheduling the hours of work for employees.
- B. All such rights may be exercised by the Board without prior bargaining or notice to the Association and the Board's judgment in these areas shall not be subject to challenge; provided, however, that these rights shall not be exercised in violation of any specific provision of this Agreement.

ARTICLE 4

SPECIAL CONFERENCES

- A. Special Conferences. The Hesperia School Board and the Hesperia Education Association may meet at a convenient time to discuss various aspects of the Hesperia School and community. An agenda with written topics for discussion or information will be provided in advance of the meeting. It is expressly understood these discussions shall not constitute negotiations, but rather considered an exchange of ideas. It is also expressly understood that in some cases either the Board or the Association may wish to informally discuss a grievance at any point within the grievance procedure for the purpose of clarification or negotiation. This discussion may be designed to settle the grievance, but it will not exempt the Association from following the formal grievance procedure provided for herein unless the Board agrees in writing that in lieu of the informal talks, the grievance procedure will be extended until after the informal talks have been concluded.

ARTICLE 5
TEACHING CONDITIONS

A. Teacher Work Days. Teachers are contracted to work one hundred eighty (180) days of teaching, and two (2) days of in-service prior to the school year starting. We have no more than 27 days of late start to make up the rest of the Professional Days required. The calendar is attached as Appendix C.

B. Teaching Hours

K - 4 Teachers:	Report Time - 7:45 am
	Start Time - 7:50 am
	End Time - 3:15 pm
5 - 12 Teachers:	Report Time - 7:45 am
	Start Time - 8:05 am
	End Time - 3:15 pm

The school day ends with the departure of the last regularly scheduled bus. Teachers are required to be in their respective buildings during this time unless otherwise excused by the building principal or the superintendent; provided, however, that teachers may leave the building during their duty-free lunch period with prior notification to the principal. A building principal may schedule one 45-minute staff meeting per month outside of the teacher day, with adequate prior notification. In the event a staff meeting is rescheduled, staff who are required to attend shall receive at least (5) work days notice of the meeting date except in an emergency that necessitates an earlier rescheduling of the meeting as determined by the superintendent.

A tentative agenda for any staff meeting shall be provided at least one school day in advance of a scheduled meeting. A teacher with dual building assignments shall only be required to attend nine (9) staff meetings per school year outside the regular teacher day. Generally, such teachers will attend the staff meeting in the building where they are scheduled for the majority of their instructional time, unless otherwise advised by the majority building principal.

C. Teaching Responsibilities. Teachers shall be responsible for attendance, pass slips, basic hall duty, assemblies, and other teaching-related duties during the teacher's teaching day assigned by the building principal, as well as classroom instruction.

D. Teaching Assignments. Teachers shall be given written notice of the subjects the teacher is tentatively to teach the forthcoming year no later than July 1 of the current school year. During the month of July, the Board agrees to release any teacher who desires such action.

E. Preparation Time. In the middle school and high school, a daily teacher preparation period shall be of no less duration than a class period to which the teacher is assigned. Teachers teaching less than a full class load shall receive preparation time on the following basis: assigned one or two class periods

shall receive one-half class period of paid preparation time; assigned three, four or five periods shall receive one class period of paid preparation time.

Teachers who are assigned to special education classrooms may request released time during the school year for the purpose of completing paperwork and reports that are connected with their special education assignments. The request must be approved by the building principal and the work must be completed on school property during regularly scheduled working hours.

In the elementary level, preparation time may be used when instruction is being provided by a music or physical education or other special instructor (such as library) or appropriate substitute as long as elementary music and physical education and other special instructors are a part of the curriculum. In the event that elementary “specials” time is reduced, or eliminated, the parties will meet to negotiate the impact of the reduction with the understanding that elementary weekly teacher preparation (planning) time will be equal to the middle school / high school teacher preparation (planning) time. Teachers teaching less than a full class load shall receive preparation time on a pro-rata basis. Teachers may also use any recess time during which they are not on supervisory duty and daily an additional fifteen (15) minutes of the student lunch period (excluding the teacher’s duty free lunch time). The A.M. elementary recess shall be scheduled but at the option of each elementary teacher. –The teacher can choose to not have his/her class participate in the morning activities. However, all elementary certified teachers will be assigned equitable A.M. and P.M. recess supervision duties and must do their assigned A.M. and P.M. recess supervision obligations on days assigned.

“CSR” based meetings, team meetings, or other staff meetings (including grade level/department and/or building) during a teacher’s preparation time (planning time) shall be voluntary.

- F. Teachers are required to attend the beginning of the year open house, and Fall and Spring conferences. All other school events and/or after school activities are voluntary.
- G. Duty-Free Lunch Period. Each professional employee shall be granted one half hour duty-free lunch time exclusive of conference or preparation periods for each school day. This thirty (30) minute uninterrupted period will be at the regular building lunch time. There may be exceptions if such exceptions are agreed to in advance by the teacher involved.
- H. Class Size/make-up. To ensure that high quality of education is the goal of both teachers and the Board, it is acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and school day should be directed at ensuring that the energy of the teacher is primarily utilized to this end. The District will seek to distribute students as equitable as possible among Elementary grades.
- I. Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that class size should be lowered whenever possible, and the Board will make every effort to maintain the following pupil-teacher classroom ratio.

Kindergarten & Grade 1	24 pupils
Grades 2, 3, and 4	27 pupils
Special Education	16 pupils
Middle School (5-8)	29 pupils
High School (9-12)	29 pupils
MS/ HS PE	38 pupils

- (1) Upon request of a general education teacher the Teacher and the Administrator will meet to discuss whether the IEP special education and 504 program student ratio to general education students among the classrooms can be improved.
 - (a) Whenever the number of students exceeds the teacher/student ratio listed above in any class, the affected teacher will be paid an additional stipend for each student over the limit at a rate of \$5.00 per day for Elementary and \$1.00 per class period for Middle School and High School for each day that the additional student count is maintained in that classroom.
 - (b) There will be a grace period of seven (7) calendar days at the beginning of the school year for the administration to adjust classes and during this time overages will not be paid. High School will also have another grace period of seven (7) calendar days at the beginning of the second semester and during this time overages will not be paid.
 - (c) Stipends for excess enrollments will be paid to the teacher in a lump sum at the conclusion of each semester. Teachers shall maintain accurate enrollment records which are subject to administrative verification prior to payment.
 - (d) It is further understood that the student classroom limit and above stipends are not applicable to traditional large group formats such as band and choir.
- J. Classrooms will have distributed aide time based upon the needs of each particular classroom as assessed by the building principal.
- K. Technology classes shall be limited by the number of teaching stations available, except additional students may be included upon mutual agreement between the teacher and the principal and the Association. In these class situations that are overloaded the administration will recognize that classroom management may be more challenging.
- L. The Media Center Specialist shall not teach a regularly scheduled class during the school day unless financial considerations require a specific assignment reducing the media center position to less than full-time.
- M. School Improvement/Building Improvement. Teachers may volunteer to work on those assignments designated by the Board of Education. Such assignments may include school improvement projects, PA 25 requirements; and other tasks related to the school curriculum. The assignments will be on a voluntary basis and approved by the Superintendent of Schools. Participation or non-participation shall not be used as a criteria in evaluation. Each assignment will be reimbursed at the rate of Twenty-Five Dollars and Fifty Cents (\$25.50) per hour, paid at the end of each school year.

The parties recognize that the terms and conditions of the Collective Bargaining Agreement will govern with respect to wages, hours, and other conditions of employment and that those terms shall not be altered or modified through any school improvement or district committee process outside of the negotiation process and absent written mutual agreement and ratification by the parties.
- N. Lesson plans are a vital part of teacher preparation and instruction, Teachers shall not be required to turn in weekly lesson plans. The exception to this provision shall be the teacher(s) who is on an individual development plan (I.D.P.) that requires lesson plans to be submitted to the principal. It is

the teacher's responsibility to have lesson plans for the current work week available for potential substitutes in their classrooms and for review at any time by their building principals. In the event that a teacher is on an extended paid leave of absence, weekly lesson plans for a substitute may be required to be turned in ahead of time for the first week of absence. It is agreed that should any individual or party other than the building principal seek to review a teacher's lesson plans, the affected teacher(s) and the building principal will work together to accommodate these requests.

- O. Attempts shall be made to schedule IEPC's/CST (Child Study Teams) during the regular school day. When this is not possible, these may be scheduled immediately before or after school and the teacher shall participate unless excused by the building principal or the Special Education Supervisor. Teachers shall not be expected to attend IEPC's during a regularly scheduled duty-free lunch. If an IEPC is scheduled before or after school hours during a school year, the teacher will be paid at the established school improvement team hourly rate. If an IEPC is scheduled on days when school is not in session, the teacher will not be required to attend. If the teacher chooses to attend, the teacher shall be paid the established school improvement team hourly rate for each hour the teacher is in attendance.

Each building level School Improvement Team (SIT) shall meet throughout the school year to develop written recommendations for professional development content for the next school year, to be provided to the principal and superintendent and HEA president. The SIT shall also provide input during the current school year on the effectiveness of the professional development with respect to the district/building school improvement goals and other professional development needs of teachers. This process shall continue each subsequent year unless the parties otherwise agree in writing to modify it.

ARTICLE 6

PEER OBSERVATION / MENTOR

- A. Any teacher may request peer observation for the purpose of seeking professional assistance.
 - 1. The principal may appoint a peer mentor for any tenure teacher working under an improvement plan if requested.
 - 2. The principal may appoint a peer mentor to assist a peer if deemed necessary and shall appoint one if requested by the probationary teacher.
 - 3. The principal, teacher, and tenure/peer mentor shall mutually set a time for peer observation if the tenure/peer mentor cannot observe during his/her non-assigned teaching time.
 - 4. Reports of peer observation need not be made in writing.

ARTICLE 7

TEACHER INPUT

Teachers will be allowed input in the selection of educational materials. During the term of this Agreement, the administration and the Association shall meet to discuss and formulate a curriculum council.

ARTICLE 8

CONTINUITY OF OPERATIONS

Nothing in this Agreement shall require the Board to keep schools open in the event of severe inclement weather or when otherwise prevented by an act of God. When schools are closed, teachers shall not be required to report for work. Teachers shall be paid for all such periods.

ARTICLE 9

SENIORITY

- A. Probationary Period. All newly hired teachers will be required to serve a probationary period in accordance with the Teacher Tenure Act; provided, however, that the Board in its discretion may waive the probationary period for any newly hired teachers who had previously achieved tenured status in another Michigan school district.
- B. Seniority Defined. Seniority shall be defined as the length of continuous service with the Board as a member of the bargaining unit from the last date of hire. The last day of hire shall be the teacher's first workday or the date of Board action, whichever comes first. Leaves of absence pursuant to this Agreement shall not constitute an interruption in continuous service. However, effective September 1, 2011 any unpaid leaves of absence initiated for the purpose of medical leave or any lay-off shall continue to accrue seniority, and a teacher's seniority will be frozen upon the date the teacher initiates any other unpaid leave of absence of more than forty-five (45) work days pursuant to this Agreement. The teacher's seniority accrual shall resume and continue to accrue upon return from the unpaid leave. In the event of a common seniority date, seniority shall be determined by a random drawing held the first teaching day after commencement of employment. All concerned parties shall be entitled to be present at such drawing. Credit given for prior teaching experience in other school districts shall not be considered for the purpose of accumulating seniority.
- C. Seniority List. A current seniority list by K-12 shall be prepared by the Board and transmitted to the Association by October 31 of each year. Accompanying the name of each teacher on the list shall be the date of last hire and each teacher's certification. In the event that the Association disagrees with the seniority list, the dispute shall be resolved in accordance with the grievance procedure.

ARTICLE 10

LAYOFF AND RECALL

- A. Pay While on Layoff. During a period of layoff said employee shall not be entitled to any pay or fringe benefits at the Board's expense.
- B. Reimbursement of Unemployment. If an HEA member or any teacher is laid off during the summer months, collects unemployment, and is recalled to work for the following school year without any reduction or loss of pay, then the employee will reimburse the district for the total amount of

unemployment benefits paid during the summer. The reimbursement will be made through adjustments of the teacher's payroll on a prorated basis over the next school year.

ARTICLE 11

TRANSFERS AND ASSIGNMENTS

- A. Permanent Vacancies. Whenever any permanent vacancy exists in a teaching or extracurricular position in the district or if a vacancy shall occur, the Board shall publicize the same by giving written notice of such vacancy to the President of the Association and provide for posting on the bulletin boards in the teachers' lounges. The vacancy will remain posted for a period of five (5) working days and will not be permanently filled until the expiration thereof.
- B. Filling Vacancies. Teachers desiring to be considered for a vacancy declared by the Board shall apply in writing to the Superintendent's office within the five (5) day posting period. Teachers who apply for a vacancy for which they are certified but do not receive assignment to that position will be provided the reasons that they were not selected for the vacancy, and upon request shall be granted a personal interview with the Superintendent to discuss the reasons.
- C. Involuntary Teaching Position Transfers If the transfer is not voluntary, the teacher shall be provided reasons for the transfer from the Superintendent and upon request shall be granted a personal interview with the Superintendent to discuss the reasons for the transfer.
- D. Letter of Intent. The Board may furnish each teacher with a letter of intent to return, retire, or terminate his/her employment at a time determined to be appropriate for planning each year of this contract. These letters shall be signed and returned not later than a date established on the notice. A letter of intent does not constitute a contractual agreement with the Board for the coming year. On the letter of intent will be a section worded as follows:

I, (name) , request consideration for an opening which may occur in (grade/subject) , between now and the beginning of the ensuing school year.

Summer notification shall be by certified, registered mail, return receipt requested. The teacher shall respond to the administration within five (5) days of the date of receipt of said letter. All applicants for a position shall be notified by the Board when a position is filled.

- E. Promotion to Administrative Position. The Board reserves the right to promote on the basis of its own judgment of qualifications and also to hire new administrative employees for any opening or vacancy.

ARTICLE 12

GRIEVANCE AND ARBITRATION PROCEDURE

- A. Definition of a Grievance. A grievance shall be defined as a complaint by any teacher, group of teachers, or the HEA believing that there has been a violation, misinterpretation or misapplication of any provision of this Agreement or any existing rule, order, regulation or policy established by the Board or school administration, relating to wages, hours, terms or conditions of employment. Complaints or problems that are not grievances as defined above shall be processed in accordance with the grievance procedure, but excluding arbitration.

- B. Grievance Form. The grievance form shall be prepared by the Association in a form which coincides with the Grievance Procedure established in this Agreement.
- C. Grievance Procedure. The Board hereby designates as its representative for purposes of adjusting grievances the building principals and the Superintendent of Schools. All grievances shall be handled in the following manner:
- Step 1. Oral Procedure. An employee with a complaint shall discuss the matter with the employee's building principal within ten (10) working days from the time of the occurrence of the events giving rise to the complaint or within ten (10) working days from the time that the employee involved first knew or could have known of the facts giving rise to the complaint. The Association and the Board may have non-employee representatives at this meeting. The employee's building principal will endeavor to give an oral answer to the complaint within five (5) working days of the discussion with the employee concerned. Every effort shall be made to settle the complaint in this manner.
- Step 2. Written Procedure – Principal. If the complaint is not satisfactorily settled in the Step 1, Oral Procedure, the complaint shall be reduced to a written grievance within ten (10) working days from the time of the giving of the building principals oral answer in Step 1. The grievance shall be signed by the employee and shall indicate the section or sections of this Agreement in dispute and shall adequately set forth the facts giving rise to the complaint. The grievance shall be submitted to the building principal. The building principal, the employee involved, and a member of the Association's Grievance Committee if requested by the employee, may discuss the grievance. The Association and the Board may have non-employee representatives at this meeting. A request for a member of the Association's Grievance Committee to participate in the discussion of a grievance shall be made by the employee to the building principal, who shall make proper arrangements as soon as possible. The building principal shall place a written disposition upon the grievance within five (5) working days following the date the grievance was submitted at this step and return it to the employee. A copy of the written disposition shall be provided to the Association.
- Step 3. Written Procedure – Superintendent. If a grievance is not resolved in the Step 2, Written Procedure, the grievance may be submitted to the Superintendent within five (5) working days after receipt of the building principal's written disposition in Step 2. The Superintendent, the employee involved, and a member of the Association's Grievance Committee shall meet to discuss the grievance. The Association and the Board may have non-employee representatives at this meeting. The Superintendent shall place a written disposition on the grievance within ten (10) working days following the date the grievance was submitted at this Step, and return it to the employee. A copy of the written disposition shall be provided to the Association.
- Step 4. Written Procedure – Board. If a grievance is not resolved in the Step 3, Written Procedure, the grievance may be submitted to the Secretary of the Board within five (5) working days after receipt of the Superintendent's written disposition in Step 3. The Board, the employee involved, and a member or members of the Association's Grievance Committee may meet to discuss the grievance. The Association and the Board may have non-employee representatives at the meeting. The Board shall make a final written determination on the grievance within twenty (20) working days following the date the grievance was submitted at this Step, and return it to the employee. A copy of the written disposition shall be provided to the Association.
- D. General Application Grievance. All grievances of a general nature affecting teachers at more than one level may be initiated by the Association at Step 3 of the grievance procedure within ten (10) working

days from the time of the occurrence of the events giving rise to the complaint. All such grievances shall be signed by a member of the Association's Grievance Committee, shall indicate the section or sections of this Agreement in dispute, and shall adequately set forth the facts giving rise to the complaint.

- E. Arbitration. If the Association is not satisfied with the disposition of the grievance at the Board level, it may submit the grievance to arbitration by filing a request for arbitration with the American Arbitration Association within thirty (30) days following the receipt of the Board's written disposition in Step 4 of the grievance procedure. The Association shall also advise the Board of its intent to arbitrate the grievance contemporaneously with its request for arbitration. If the Association does not request arbitration in the manner or within the time limits established herein, the particular grievance shall be considered settled on the basis of the Board's last disposition and shall not be arbitrable.
- F. Non-Arbitrable Grievances. Notwithstanding any other provision of this Agreement, the dismissal or demotion of a tenured teacher is not arbitrable. In addition, the termination of services or failure to reemploy any probationary teacher is subject to advisory rather than binding arbitration.
- G. Selection of Arbitrator. The arbitrator shall be selected from a panel of arbitrators submitted by the American Arbitration Association in accordance with its rules. The fees and expenses of the arbitrator shall be shared equally by the Association and the Board. Each party shall pay the fees, expenses, wages and any other compensation of its own non-teacher witnesses, representatives and legal counsel.
- H. Arbitrator's Powers. The arbitrator's powers shall be limited to the application and interpretation of this Agreement as written, shall be limited to interpretation of contract language in the area of teacher evaluation. The arbitrator shall have no power or authority to amend, alter or modify this Agreement either directly or indirectly. If the issue of arbitrability is raised, that question must first be decided before the arbitrator may be permitted to hear the merits of the grievance.
- I. Arbitrator's Decision. The arbitrator's decision shall be final and binding upon the Association, the Board and the employees in the bargaining unit; provided, however, that either party may have its legal remedies if the arbitrator exceeds the jurisdiction provided in this Agreement.
- J. Arbitration After Termination of Agreement. After the expiration of this Agreement, the Board shall continue to be obligated to arbitrate grievances arising during the term of this Agreement which were timely filed prior to the expiration of this Agreement.
- K. Time Limits. The time limits established in the grievance procedure shall be followed by the parties hereto. If the time procedure is not followed by the Association or the employees represented by the Association, the grievance shall be considered settled on the basis of the Board's last disposition. If the time procedure is not followed by the Board, the grievance shall automatically advance to the next step, but excluding arbitration. The time limits established in the grievance procedure may only be extended by mutual agreement in writing, and the period of extension must be specified in that written agreement.
- L. Time Computation. A working day under the time procedures established in the grievance procedure shall mean calendar days excluding Saturdays, Sundays and other days that school is not in session; provided, however, that weekdays during scheduled summer vacation periods shall be considered to be working days.

ARTICLE 13

PERSONAL LEAVES OF ABSENCE

- A. Personal Leave of Absence. . Requests for a personal leave of absence shall be submitted in writing to the teacher's building principal at least five (5) working days in advance of the date of the requested leave of absence. All requests shall state the reason for the leave and must be signed by the employee. Leaves of absence for personal reasons shall be granted in accordance with the following:
1. Leave Without Salary. Leaves of absence for up to five (5) days may be granted by the Superintendent, whose approval shall not be unreasonably withheld. In the event that a teacher requests more than five (5) days of unpaid leave in any school year, the approval of such leave shall be at the discretion of the Superintendent. The daily salary rate shall be deducted for each day of personal leave of absence, and the teacher shall have the daily benefit rate deducted for all absences under this subsection in excess of five (5) days in any one school year. The deduction of the daily salary rate, and daily benefit rate, if any, shall be made in the pay period immediately following the personal leave of absence. Except for emergencies, unpaid leave cannot be used to extend holiday or vacation periods.
 2. Leave Without Salary or Benefits. Any teacher desiring a leave of absence for longer than five (5) days may be granted such a leave by the Board, whose approval shall not be unreasonably withheld. All such leaves shall be without salary or benefits, and no teacher may be on a leave of absence under this subsection beyond the end of the school year during which the leave commenced. The commencement date and return date shall be specified in the grant of the leave of absence. Teachers who desire to return prior to the scheduled return date shall do so with Board approval. A teacher returning after a leave of absence may at the Board's discretion be returned to his/her position or will be assigned to a position for which the teacher is qualified and certified. A teacher who does not intend to return to employment after such leave shall notify the Board at least thirty (30) days prior to the date scheduled for return to work.
- B. Leave With Pay and Benefits. A teacher will be allowed three (3) days per school year for business, personal or professional activities with full pay. Notice for these days will be submitted in writing at least 48 hours in advance of the leave, to the building principal, except in an emergency when the waiting period will be waived. This information will also be documented electronically by the teacher through the current online substitute placement forum.
1. The teacher will submit the request in writing and sign the Personal Leave Request Form. The teacher will then deliver the form to the building principal. In an emergency, the teacher will fill out a notice on the first work day when the teacher returns to work.
 2. Two of the 3 days can be used to extend a holiday/break, but only one may be used per holiday/break. (see #4)
 3. Unused personal days in this section will be added to the teacher's unused sick days at the end of the school year.
 4. A teacher planning to use personal time to extend a holiday/break must submit a request **3 weeks prior** to the date requested for approval.

C. Family and Medical Leave.

1. A leave of absence of up to twelve (12) weeks during any twelve (12) month period, as defined in the Federal Family and Medical Leave Act of 1993, shall be granted to any employee who has worked a minimum of 1250 hours in the preceding twelve (12) months, pursuant to the federal act, for any of the following purposes:
 - a. The birth or placement for adoption or foster care of a child;
 - b. Because of a serious health condition of a spouse, son, daughter or parent of the employee (as defined in the FMLA of 1993);
 - c. Because of the employee's own serious health condition;
 - d. The care of a child under the age of 18, or older child incapable of self-care because of mental or physical disability.
2. At the option of the employee, a family leave may be taken on an intermittent or reduced schedule basis. In the event that an employee must be transferred in order to better accommodate recurring periods of leave, all the transfer language within this Agreement shall apply.
3. During the 12-week leave, the employer shall continue all health benefits normally provided to the employee. Unless noted otherwise in this provision, all other provisions of this unpaid leave article apply during all unpaid portions of this family leave.
4. The employee may choose to utilize paid sick leave or paid personal leave for all or part of the duration of the leave.

If a season is cancelled after the MHSAA start day, that coach would move to the other team for the remainder of the season, if applicable and if numbers allow. Other remaining coaches (where applicable), can join the other team with the understanding that the remainder of the season is under a volunteer status (without pay). Coaches released from duty would be paid at a per diem rate for service up to the cancellation.

**Letter of Agreement #1 between the Hesperia Education Association and
Hesperia Community Schools
For the 2020-2021 and 2021-2022 School Year**

The above mentioned agree to eliminate one common recess from the schedule of the elementary teachers for the 2020-2021 school year with the intent of creating a strong literacy block for k-4 teachers/students. With this, five minutes would be added to the already scheduled common recess period. It is understood that if the schedule agreed upon by the administration and staff does not prove to be valuable, either party can request the schedule be adjusted. The deciding factor should be an anonymous vote with a majority deciding the outcome (majority being $\frac{2}{3}$ of those voting).

Teachers will be facilitators of the lessons for the groups.

Aids/Parapros will be used to guide those groups not under the immediate instruction of the teacher.

**Letter of Agreement #2 between the Hesperia Education Association and
Hesperia Community Schools
For the 2020-2021 and 2021-2022 School Years**

It is agreed that the following language would be added to the contract regarding working toward compensation time (Article 20 C) on a trial basis in which success of this agreement will be determined by HEA and HCS representatives. At the end of the 2022 school year, the following language will be reviewed. If both parties agree success in the trial period is attained, it will be added to the subsequent contracts permanently or until negotiated out.

Compensation Time: (this becomes Article 20 c (removing letter G's current language and replacing that with lunch coverage language.)

_____ Regularly employed teachers (contractual) shall be compensated at a rate of $\frac{1}{3}$ beginning of the year sub pay per hour while serving as a substitute or other extra duty activity that is of benefit to our students or school system. Some of these extra pay duties would include but are not limited to: substituting for another teacher, homebound teacher, tutoring, and covering Elementary specials.

As an alternative to receiving the hourly pay rate for substituting or other extra duty (with the exception of lunch coverage) that is of benefit to our students or school system, a teacher may elect to accumulate compensatory time. The following guidelines will be followed:

1. Compensatory time will be rounded to the nearest 15 minutes.
2. Five hours of compensatory time equals one compensatory day.
3. No more than 3 days of compensatory time can be accumulated at one time. All days accumulated beyond three days will be paid at the compensated rate of $\frac{1}{3}$ sub pay per hour to be paid at the end of the year.
4. Compensation days shall be used based on the availability of substitute teachers and on a first come, first serve basis for regularly scheduled school days. In the event a teacher wishes to use the compensation days prior to or after vacation periods, these days must be **pre-approved by the administration.**
 - A. Compensation days prior to or after scheduled vacation days are limited to one person per building per vacation period. However, individual teachers may only use compensatory time one time per year to extend the vacation period. He /she will not be considered more than once per year unless no one else in that building applies.
 - B. The compensation days must be applied for **3 weeks prior** to the date requested. This request must be in writing or email to the central office and a copy must be sent to the building principal.
