

NEWAYGO COUNTY PUBLIC SCHOOLS

Schools of Choice

**BIG JACKSON SCHOOL DISTRICT
FREMONT PUBLIC SCHOOLS
GRANT PUBLIC SCHOOLS
HESPERIA COMMUNITY SCHOOLS
NEWAYGO PUBLIC SCHOOLS
WHITE CLOUD PUBLIC SCHOOLS**

In an effort to provide a quality education for all students in the region, public schools in Newaygo County continue to offer a *Newaygo County Schools of Choice Program*. The *Newaygo County Schools of Choice Program* allows parents the opportunity to request that their child(ren) attend any public school in Newaygo County, regardless of where they live within the boundaries of the Newaygo County Regional Educational Service Agency (NC RESA).

Some school districts in Newaygo County also participate in the Michigan Department of Education's 105C Schools of Choice Program, or individual school-of-choice programs, that allow students outside of NC RESA boundaries to attend a Newaygo County public school. Please contact individual district superintendent offices to explore options under the 105C program.

This brochure is designed to help parents learn about each program and the guidelines, policies and procedures that have been developed to ensure student success.

Information regarding graduation requirements, application policies, athletics and transportation are included. Please call the superintendent's office of any of the participating schools for further information. An application form is included with this brochure. A separate form must be completed for each child.

Applications for the Newaygo County Schools of Choice Program can be submitted to Superintendent offices anytime throughout the school year. Application deadlines for the Section 105c program will be publicized on district websites and/or in local newspapers.

Newaygo County Schools of Choice Guidelines

The application process has been designed to guarantee all applicants a fair and equitable opportunity. Parents or guardians should be aware of the application timelines, guidelines, graduation requirements, transportation responsibilities and athletic policies. Listed below are the guidelines regarding the application process.

1. The parents/guardians of a student who prefers to attend a school outside of their resident district must complete a *Newaygo County Schools of Choice* application and return it to the superintendent of their **resident** district. **A student will not be accepted into their choice district until he/she is released from the resident district.**

A copy of the application, with the resident district's response, will be sent to the choice district for final processing. The choice district will process and send a final copy to the parents/guardians, the choice school principal, and the superintendent of the resident district within two (2) weeks of processing.

2. While there is no application deadline for the Newaygo County plan, 105C deadlines are set and published annually by participating districts, according to guidelines established by the Michigan Department of Education. Currently Big Jackson, Fremont Public Schools, Hesperia Community Schools, Newaygo Public Schools and White Cloud Public Schools participate in the 105C Schools of Choice Program.
3. The number of transfers allowed under the each program is determined by space available in each district.
4. A student approved for transfer to a choice district is allowed to remain in the choice district until his/her class graduates from that school. Current choice students do not need to complete an application on an annual basis, but must inform the Superintendent's office of the choice district if they will or will not be returning for the following school year.
5. An application form must be completed for each student wishing to participate in either program. There are no guarantees of any siblings receiving admission into either program, but siblings of current choice students will be given priority over other choice requests.
6. Students participating in the either program who wish to return to their resident school for the following year, must notify the superintendent's office in both their resident district and choice district by June 1.
7. All participants in the either program are expected to attend their school of choice for the entire school year. Requests for students transferring back to his/her resident district during the school year, may be granted on a case-by-case basis.
8. Students who are not currently attending a public school in Newaygo County due to expulsion or dropout must be readmitted to their resident district, attend in their resident school district, and demonstrate success prior to participating in the either program. The choice district reserves the right to refuse enrollment to a student who has demonstrated disciplinary behavior problems in his/her resident district.

9. Parents, guardians, and students desiring to participate in either program are encouraged to meet with a building administrator or district representative of the choice school to discuss school rules, curriculum, parent involvement, graduation requirements, grade placement, and other school-related issues prior to making application.

Choice students should be aware that not all class requests may be granted. Prior to submitting an application, it is encouraged that the student and his/her parents or guardians meet with a counselor or school administrator at the school of choice to determine class availability.

10. Applications from students under an IEP will not be considered if the choice district is not currently providing the services called for in the IEP. If a 105c applicant is receiving special education services, the choice district reserves the right to deny admittance if the resident district does not agree to the funding agreement (to be established between the two districts).
11. Parents or guardians shall be responsible for all transportation of their child(ren) to and from school outside their district of residence unless arrangements are available through the choice district. (Refer to the transportation section on page 4.)
12. A local district will not charge tuition for students accepted under a choice program.
13. A parent shall not complete an application for any child's placement in more than one building or district at a time.
14. Both programs will continue indefinitely until such time local boards of education take action to cease participation.

Graduation/Promotion Requirements and Curriculum Issues

Each school district in Newaygo County has developed a curriculum that is based on the State of Michigan Core Curriculum Model. In addition, each district has its own locally approved grading system and graduation requirements. While there are some similarities of requirements among districts, parents or guardians should be aware of the following conditions of the Choice Programs:

1. Participants are required to graduate with the number of credits determined by the district they are attending at the time of graduation.
2. All districts will supply, at the request of parents or guardians, a current listing of graduation requirements for the high school they wish to have their child attend. To receive a copy of graduation requirements, parents or guardians should contact the high school principal of the choice district.
3. Upon acceptance into the program, a current listing of outcome requirements from that building will be supplied to participants.
4. Choice students may participate in their choice district's summer programs, pending space availability.

Transportation Guidelines

Transportation is a key issue in the *Newaygo County Schools of Choice Program*. It is the sole responsibility of parents or guardians to transport their child(ren) to and from the choice school. The following is a list of transportation guidelines for the *Newaygo County Schools of Choice Program*.

1. Parents or guardians will be responsible for transporting students to and from school.
2. Parents or guardians may have the option to drive their child to a pre-approved bus stop in the school district of choice if space is available on the bus and if it is approved by the choice district. Once the child is transported from school to the bus stop it is the responsibility of the parents or guardians to provide transportation home from the bus stop. Parents or guardians should also be aware that on those rare occasions when school closes early due to weather, etc., it will also be their responsibility to provide transportation home (from the bus stop) for the child.
3. Parents or guardians will assume the responsibility for the safety of the child at the bus stop.
4. Students participating in the *Newaygo County Schools of Choice Program*, who are eligible to ride a school bus are required to follow the rules, regulations, and bus discipline policy of the choice district.
5. *Newaygo County Schools of Choice* participants will be expected to arrive at the choice school on time every day.
6. Choice students under the Section 105C program are not eligible for transportation services.

Athletic Policy

The focus of choice programs is based on academics, not athletics. Therefore, students and parents/guardians should be aware that students will follow the choice district's policies for participation in the school's athletic activities.

A student athlete (junior high/middle school or high school) participating in either program is eligible to participate in an interscholastic athletic contest according to the rules and regulations as defined and governed by the Michigan High School Athletic Association (MHSAA).

Each public school Board of Education complies with all federal and state laws and regulations prohibiting discrimination and with all requirements and regulations of the United States Department of Education and the Michigan State Department of Education.

Equal Opportunity

It is also the policy of each Board of Education that no person on the basis of sex, race, color, religion, national origin, age, marital status, limited English, or disability shall be discriminated against, excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in any program, employment practice, or activity for which it is responsible or for which it receives financial assistance from the United States Department of Education or the Michigan State Department of Education.
