Hesperia Schools Spring Newsletter

Hesperia Building Project Wrapping Up

From: Dean Havelka

I've been waiting since June of 2009 to write this article letting district residents know that the construction project is nearing completion. With the exception of some athletic flooring in the middle school gym addition, all of the construction work on the

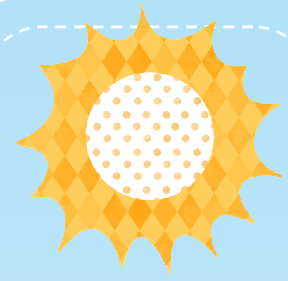

project has been completed. Contractors are in the process of finishing up their punch lists to correct any areas that need to be addressed before we sign off on the project.

The district is also looking at the possibility of tackling two or three additional remodeling projects with remaining bond dollars. Favorable bids have enabled the project to come in under the amount originally budgeted. As a result, the board is looking at addressing projects that were identified initially and eliminated

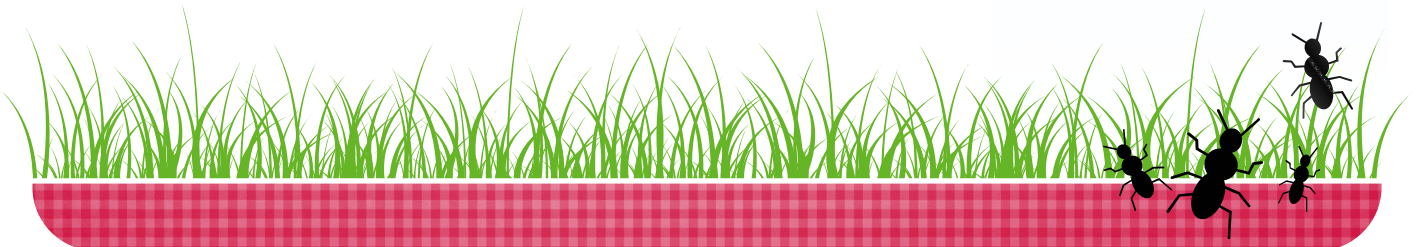

due to budget priorities. Projects being considered include: renovation of the existing kitchen and transportation facilities and renovation of or construction of a new restroom facility to accommodate spectators at football, track, baseball and softball events. District representatives are working with Triangle Associates to develop pricing options for the additional projects listed above.

Budgetary information on the projects listed above will be provided to board of education members for their review and approval prior to the conclusion of this school year. Work on these additional projects would be completed this summer, with all work completed prior to the beginning of school in the fall.

Important Dates

- 04/22 No School
- 04/28 Grand Rapids Symphony
- 04/30 Junior /Senior Prom
- 05/06 Middle School Carnival
- 05/27 Graduation
- 05/30 Memorial Day
- 06/10 Last Day of School

Superintendent's Letter

To our Hesperia Community School District Community:

As you are aware, Governor Rick Snyder unveiled his budget proposal for the State, which includes significant cuts for K-12 Education. I wanted to take a moment to let you know what those cuts will mean for the Hesperia Community School District.

The governor is proposing a \$470 per pupil reduction in state aid for local school districts for next year. This is in addition to the substantial cuts in revenue that we have experienced for the past several years. The bottom line is that the Hesperia Community School District will receive approximately \$542,000 less to educate our students in 2011-2012 than we did in 2010-2011.

These proposed cuts will be devastating to every school district statewide. It will force many into deficit and will have a significant impact on each school in Michigan.

Because of prudent fiscal planning, the Hesperia Community School district is in a better position than most. Since 2003, we have cut over \$2.2 million from the district's budget and spent nearly \$1.1 million in fund equity that we had set aside for emergencies. At the time of the governor's announcement, we had already planned for a reduction in revenue of \$270 per pupil from the 2010-2011 budget. The governor's proposed budget will require the district to reduce our per pupil revenue by an additional \$200 per student for a total of \$470 for the 2011-2012 budget. Through careful budgeting, up until now, we have been able to keep most cuts away from the classroom, but there is only so much we can cut before there just isn't anywhere to go.

Governor Snyder's proposed reductions will affect every student in the Hesperia Community School District. These reductions will force us to cut programming, staff and other areas that directly affect instruction. You can see the governor's proposed budget at the following web page: http://www.michigan.gov/documents/budget/1_34597_7.pdf.

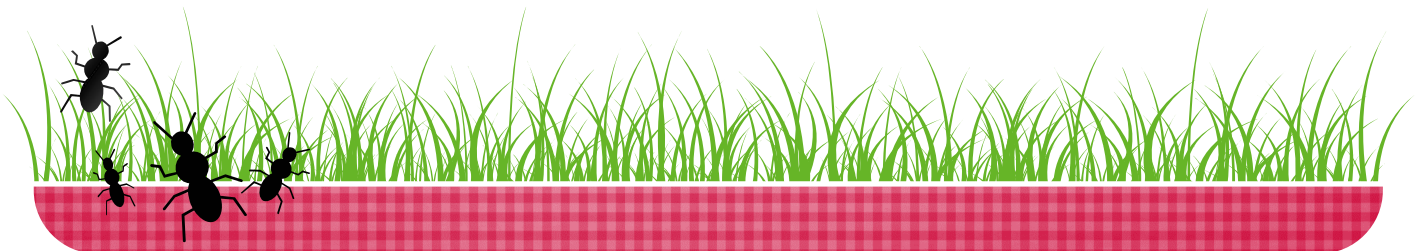

The district's administration is in the process of working on the 2011-2012 budget with the intent of factoring in these latest budget cuts from the State.

In closing, these are difficult times and we realize that there are no easy answers. Rest assured, we will continue to put our student's needs first and make every decision with the goal of ensuring that the Hesperia Community School District is able to offer the highest quality education for students for generations to come.

Sincerely,

Dean Havelka,
Superintendent

To accomplish great things we must not only act, but also dream; not only plan, but also believe ~Anatole France ~

Baseball Spring Training

On behalf of the Hesperia Baseball coaching staff and players, thank you to all the local businesses and individuals that helped with the fundraising for the Panther Baseball team. With your kind efforts and donations the team was able to take 18 players south to Gulf Shores, Alabama over spring break. This would not be possible without the help and support from the community and Panther Baseball family. Thanks to each and everyone one of you!

Coach Rider

New Immunization Requirements

ATTENTION PARENTS:

NEW CHICKENPOX and ADOLESCENT IMMUNIZATION REQUIREMENTS BEGINNING JANUARY 1, 2010

Required for **ALL** children entering kindergarten, all 6TH grade students and **ALL** children changing school districts:

Two doses of varicella (Var) vaccine or history of chickenpox disease

Required for **ALL** children enrolled in 6th grade and for **ALL** children

11 through 18 years changing school districts:

One dose of meningococcal (MCV₄ or MPSV₄) vaccine on or after the 11th birthday.

One dose of tetanus/diphtheria/acellular pertussis; (Tdap) on or after the 11th birthday if 5 years since last dose of tetanus/diphtheria vaccine. (DTaP, Td, DT)

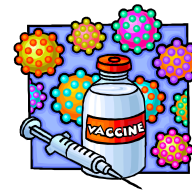

Two doses of varicella vaccine or history of chickenpox disease

If you have any question regarding the immunization status of your child:

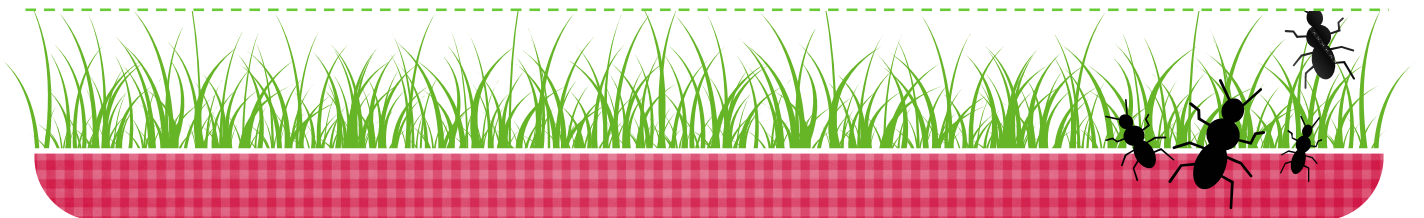

Check with your doctor

Check with the school nurse office regarding what data is reflected in the Michigan immunization data base

A waiver must be on file if required immunizations are declined

"You have two hands. One to help yourself, the second to help others."

Science Olympiad

News from the High School Principal

Greetings from Hesperia High School

As winter slowly fades and the signs of spring are all around us, our thoughts naturally turn to spring sports, prom, graduation and all of the other wonderful things that come with this time of year. However, I would like to take this opportunity to reflect on some of the very positive things that have happened at Hesperia High School since our last newsletter.

This past winter gave us many opportunities to celebrate the achievements of our students. The wrestling team, under the direction of Doug Baird and Craig Zeerip, once again had an outstanding season. With a squad made up predominantly of underclassmen, the team won its seventh consecutive league title, 16th consecutive District title and their seventh consecutive Regional title. In addition, the wrestlers maintained their status as one of the State's elite programs. Once again they wrestled their way to the State Finals before losing a hard fought match to Hudson to finish as the 2011 State Runner Up. Individually, nine Hesperia Wrestlers earned All-State honors with Cody Wolever winning the State Championship at heavyweight.

Our Science Olympiad team, coached by Jennifer Sherburn, recently competed at its annual competition in Greenville. After many weeks of planning and preparation, the team finished a very respectable seventh in a competitive 15-team field. The team's success was linked to a big increase in participation and enthusiasm as, for the first time ever; the program featured a full 15-member roster. Much like the wrestling program, the future looks bright for our Science Olympiad team, as all but two of its members were underclassmen.

Hesperia High School recently received another bit of exciting news. Among the county schools, our senior class had the highest percentage of students to meet or exceed the ACT College Readiness Standards. In order to be deemed college ready by ACT, a student must receive a minimum score of 18 in English, 21 in Reading, 22 in Math, and 24 in Science.

All of these successes have come about as a result of a great deal of hard work. Our staff and students are to be commended for the time and effort they have invested in making them happen.

Have a great spring.

Dennis Peacock
High School Principal

Middle School Principal Notes

Our buildings partnered with Shelby State Bank and Sign Power to produce placemats for the local restaurants. The middle school placemats will be out during the month of April. If you visit Daniels, Hesperia House, Fanna's, Angelo and Ricardo's or Fat Boys, look for the placemats put together by the middle school staff.

Shelby State Bank partnered with the middle school to provide our students with two sets of Michigan Chiller's and two sets of American Chiller's. These books are written by the author Jonathan Rand who visited Hesperia Middle School students on March 25th. Thank you Shelby State Bank for your continued support for our students' success.

Working together as a team, we can achieve great educational successes with your child. Thank you for your support, in and out of the classroom.

Have a great spring!

Nancy Cairnduff

Author Visits Hesperia

Michigan Chillers author Jonathan Rand visited Hesperia on Friday, March 25th. Elementary and middle school students got to listen to and meet the Michigan author. The author told the students about how he became a writer. Some of our students won books signed by Mr. Rand, from his Michigan Chiller series.

Recycling Milk Jugs

**Help save energy*

**Help save landfill space*

**Help save oil (1ton plastic = 4 barrels of oil)*

Hesperia Middle School Science Department will be competing against other schools in the county. The school with the most recycled milk cartons wins a park bench made from recycled materials.

Contest will run April 11-29th, 2011.

Please save all #2 HDPE natural or white milk jugs (1 gallon). Please wash thoroughly and discard cap.

Summer Food Programming Announcement

TrueNorth Community Services announces the sponsorship of the Summer Food Service Program for Children. Free meals will be made available to children 18 years of age and under or persons up to age 26 who are enrolled in an educational program for the mentally or physically disabled that is recognized by a State or local public educational agency. The meals will be provided without regard to race, color, national origin, age, sex, or disability. Meals will be provided at the site listed below:

Dates to be announced

St. Clair Elementary
96 Division St.
Hesperia, MI 49421

Breakfast: 9:00a.m. — 9:30a.m.
Lunch: 12:30 p.m.-1:00 p.m.
Monday thru Thursday
Field trips on Fridays

"In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington DC 20250-9410 or call (800) 795-3272 or (202) 720-6382 (TTY). USDA is an Equal Opportunity provider and employer."

Middle School Project Focus

What: We are offering great activities that allow students hands-on opportunities to build skills and knowledge to take with them outside of the program. We are proud to say that we competed in this year's FIRST Lego Robotics Competition in Grandville, MI. Students in FOCUS have also been using the Lego robots during programming for a special activity that we call "Robot Wars". Engineering skills are put to the test as students compete head to head to complete engineering challenges. We are proud to be working with the West Michigan Flight Academy at this time as well. Students in this program work through aviation activities that are all geared toward an actual pilot's license! We have had an awesome art club this year that has done everything from culture inspired pieces to friendship bracelets. Homework time has been incredibly effective this year as we have expanded time available with tutors so that kids can work on homework through programming if they need to. We have had numerous parties and field-trips as well. Students are anxiously waiting for an auction this spring. We have been awarding points for the auction based on participation, attitude, and teamwork within our group. We offer a wide range of activities that incorporate school and state standards for learning. From remote controlled cars to outdoor environmental studies, we are having a great time while learning at the same time. Stop in or call for information: Mr. Dan Postema, (231) 854-6615 ext: 8720 or e-mail at dpostema@truenorthservices.org

Who: Students in grades 5 - 8

Where: Hesperia Middle School

When: FOCUS Hours: Monday – Thursday at 3:00 - 5:15 PM

Morning programming: Tuesday – Friday at 7:00 to 8:00 AM

What's Happening this year -

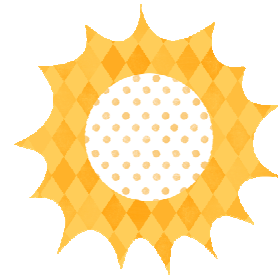

- Volunteer opportunities
- Family nights
- Art Club
- Archery
- Extra homework support
- West Michigan Flight Academy
- Robotics, engineering, and rocketry
- Outdoor sports activities
- Special field trips for students passing all "core" classes
- YEAH club (Youth Environmental Advocates of Hesperia) and Much, much more!

Accelerated Reader Awards

With a generous grant from the Fremont Area Community Foundation, our teachers reward individual students who meet certain point levels in the Accelerated Reader program, as well as support team competitions for pizza parties each marking period. This grant is requested each year by the MS teachers and administered in their seminar classes.

Many individual students reached personal goals during the 2nd marking period, with several students actually earning 2 or more treat bags. Pictured below are the happy readers:

Elementary News

Welcome to Spring and the completion of another marking period. It has been a busy, but fun time for us at the elementary. Our students and staff have participated in numerous activities over the past few months. We have had several students successfully complete the Accelerated Reader track, reading enough to earn an AR T-shirt. We celebrated "March is Reading Month" by Traveling Around the World through art and literature. Several of our students' artwork won County recognition. We have held book fairs and dances and have gone bowling with our families. As you can tell we have accomplished a lot!

We had two special visitors come to our school to meet and share with our students. Rod Snow, chalk artist and ventriloquist wowed us all as he created art before our eyes. He donated some of his work for our school. Michigan author, Johnathan Rand came to visit us as well. He shared some of his personal adventures on how he became an author. He encouraged students to try to find a passion for writing and reading. Students raised money to help purchase sets of the "Michigan and American Chillers" books for our library. Our students have been reading like crazy!

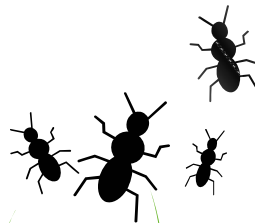

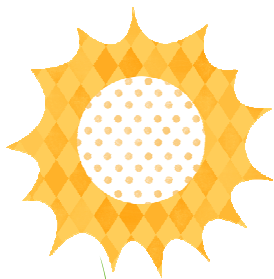

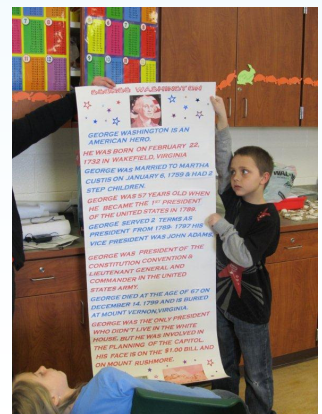

Our 4th graders have been part of the West Michigan Link Up Symphony program this year. The program is designed to increase students' skills in performing, creating and listening to music. All students were provided with a recorder, workbook and trip to the Symphony in Muskegon.

As we look forward towards the end of the year we have Kindergarten Round up at the end of April, Spring field trips are being planned along with upcoming Track and Field Days. Numerous lessons and projects are being prepared for a Spring full of learning.

Thank you for your part in the education that takes place at Patricia St. Clair Elementary... we are in this together, learning and growing.

Jennifer Kleiner- Elementary Principal

Elementary Happenings

Kindergarten Enrollment

Kindergarten/Kindergarten + Hesperia Community Schools

Hesperia Community Schools will again offer Extended Day/All Day Kindergarten for 2011/2012

All Day Kindergarten offers the following:

- Structured Setting to Support K Program
- Enrichment Activities
- Increased Time for Kindergarten Curriculum

Trained Staff with Early Childhood Education Endorsement

Parents will still have the option of a traditional half-day kindergarten program.

ENROLLMENT FOR K+ WILL TAKE PLACE DURING KINDERGARTEN ROUND-UP REGISTRATION, APRIL 25, 2011, 6:00 p.m.- 7:00 p.m., ELEMENTARY CAFETERIA

ALL POTENTIAL KINDERGARTEN CHILDREN (5TH BIRTHDAY BEFORE DECEMBER 1, 2011) ARE INVITED TO PARTICIPATE IN OUR SPRING ROUND-UP ON WEDNESDAY, APRIL 27, 2011.

Please call Patricia St. Clair Elementary School, 231 854-6615, to register.

Grand Rapids Symphony Wunder-wind Quintet

The Grand Rapids Symphony's Wunder-wind Quintet will be visiting our school on Thursday, April 28th. Thanks in part to funding from the Gerber Foundation and the Newaygo County Council for the arts, this is a free event for our school.

We will hold it in the elementary gym.

Below is a schedule of times and classes attending:

10:00-10:30 AM	Kammer, Frendo, Hussey, Tozer, Brackett & White
10:45-11:15 AM	Brauer, Balkema, Niblick, Bartolini, Corbin & Thomas
1:00-1:30 PM	Walch, Driza, Balcom, Dickerson & Pummel
1:45-2:15 PM	Hasted + 5 th graders

Hesperia Elementary School Focus Program

What: Project FOCUS offers a healthy snack, 45 minutes of homework help, and an enrichment activity daily. Activities include: arts & crafts, science exploration, literacy learning, fitness, cooking, outdoor games, field trips, sports, and much more!

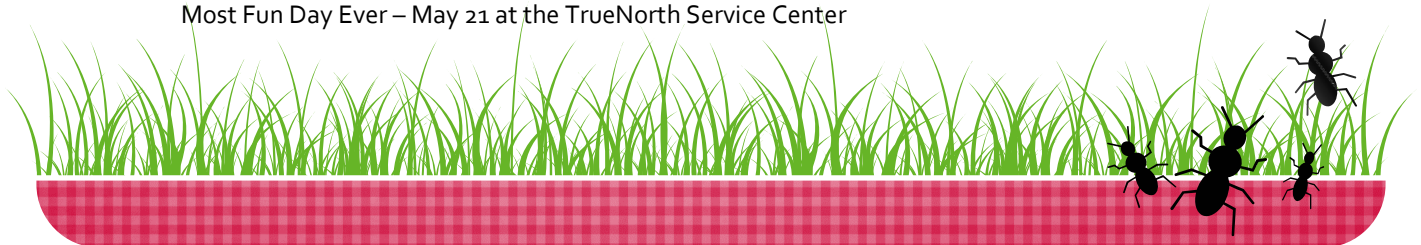

Who: Grades 1 - 4

When: Monday – Thursday 7:00 – 8:00 am (Morning Program), Monday—Thursday 3:00 -5:15 pm (Afternoon Program)

Other Info: Also, periodic special events will be scheduled. To register or for questions, contact Tami Crawford at (231) 854-6615 ext. 8613 (office) or tcrawford@truenorthservices.org

G.E.D. PROGRAM

The official GED Test is administered through Hesperia Community Education. This program is designed for those who would like to earn the General Educational Development (GED) diploma. Students must earn a passing score on the Official GED Practice Test before they may take the Official GED Test. Instructional focus will be on the topics that are included in the GED battery of five tests: language arts/writing, language arts/reading, science, social studies, and mathematics. An important feature of the GED Tests is an essay that documents your ability to write and communicate effectively. **FREE** classes are offered to those who qualify. For more information, please contact **231-854-1044**

Credit Recovery

Hesperia Community Education offers high school students an alternative to earning high school credit and meeting graduation requirements. Credit Recovery allows students to make up courses in which they have received a failing grade. When you enroll in Credit Recovery courses, you work with teachers to complete coursework as well as a comprehensive technology-based program.

Summer Classes are Monday-Friday 8:00 a.m.-3:00 p.m.

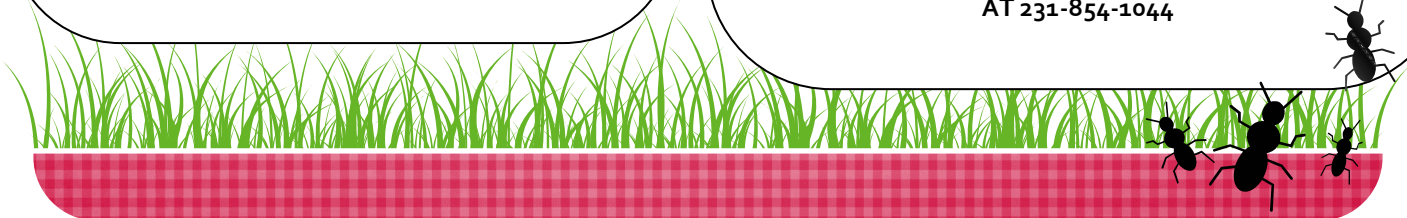

Session I: June 20th-July 15th (no July 4th)

Session II: July 18th-August 12th

Hesperia High School Pace Program

What: Want to meet new people, make friends, build your skills and meet your goals? Come to PACE! Take advantage of homework help, credit recovery, career building, enrichment activities and college visits (especially in the spring and summer). This after-school program is offered to students in the mornings as well. Our staff includes teachers and people that are in the building during the school day. This summer we will be visiting various colleges, such as Ferris State University, attending Camp Henry daily for a week, building a school garden, and several other fun and educational activities and field trips. This is a great program to keep your kids on track with what is expected of them at school. Contact Kylea O'Connell if you have any questions at (231) 854-6049 or e-mail at koconnell@truenorthservices.org.

Who: 9th- 12th graders.

When: PACE is held after school Monday-Thursday on every week that school is in session. After-school programming runs from 3:10 - 5:15 PM. Morning programming is Monday-Friday and runs from 7:00 - 8:10 AM.

Where: Hesperia High School

Other Info: Programming is FREE. Contact Site Coordinator, Kylea O'Connell at (231) 854-6049, or koconnell@truenorthservices.org for more information.

What's Happening

- College Visits: GVSU, Ferris, Northwestern, MCC
- Apprenticeship Program—career opportunities
- Greenhouse, building a school garden
- Archery
- Volunteer Opportunities
- Disc Golf
- Field Trips: Fredrick Meijer Gardens, Camp Henry, and many more!
